Celebrating One Year in Our New Home

It's hard to believe that a year has already passed since TSH opened the gates to our new home.

Over the past twelve months, we've welcomed new horses, new riders, new boarders, new lesson students

and countless new friendships. Together we've built far more than a riding facility - we've built a community.

If you've been around the barn this past year, you've seen the incredible progress firsthand. From barn improvements, new fencing and infrastructure upgrades, we've been working every day to create an exceptional home for our horses and riders- and we're just getting started.

This year has been filled with milestones, including successful horse shows, and outstanding IEA season, summer camps, clinics, new school horses and the return of many familiar faces alongside so many wonderful new ones.

Most importantly, we've watched our riders grow in confidence, our horses thrive, and our community become stronger than ever.

None of this would have been possible without the incredible support of our riders, parents, boarders, staff, volunteers and friends. Thank you for believing in our vision and helping make this first year an overwhelming success.

Thank you for being part of the Thomas School family. The best is truly yet to come.

Summer Camp Spots Still Available

Our Equine Summer Camp is more than just riding—it's a full experience built for horse lovers who want to learn, create, and spend unforgettable days with friends who share the same passion. Riders of all levels will enjoy daily time in the saddle, building confidence and skill while forming real connections with their horses.

Beyond the arena, campers dive into hands-on horsemanship—learning grooming, care, tack, and what it truly means to partner with a horse. For those who love a little creativity, our arts and crafts sessions bring the horse world to life with fun, horse-themed projects you can take home. Dreaming of the show ring? Campers will also get a taste of show prep, from polishing boots to perfecting patterns, helping you feel confident and prepared for competition.

Most importantly, this is a place to laugh, grow, and spend long summer days surrounded by your favorite people and horses. Whether you come

with friends or make new ones here, you'll leave with memories that last long after summer ends.

Saddle up—your best summer is waiting!

Riders 14 and older are encouraged to sign up for the CIT program!

IEA Equestrian Team 2026-2027 Captains

We are thrilled to announce the four student leaders who will serve as Team Captains for the upcoming IEA season!

After reviewing thoughtful applications and considering each rider's commitment, sportsmanship, leadership, and dedication to our team, we are proud to introduce this year's captains:

Hailey Cohen,
Katherine Maresca
Riley Masterson
Ava Alvarado

Our Team Captains play an important role both inside and outside the show ring. They serve as mentors to younger riders, foster a welcoming and supportive team environment, lead by example through their horsemanship and sportsmanship, and help ensure that every member of our team has a positive and rewarding IEA experience.

We were incredibly impressed by the quality of this year's applications and are grateful to every rider who expressed an interest in serving. The enthusiasm and commitment demonstrated by our seniors reflects the strength of our program and the bright future ahead. Please join us in congratulating our new captains! We look forward to watching them lead our team through another exciting season of competition, teamwork, and personal growth.

Here's to a fantastic IEA season—let's ride!

REMINDERS

Just a quick reminder to please leave the wash stall clean after use. We've recently noticed shampoo bottles left tipped over, resulting in wasted product, as well as excess shampoo being used during baths.

When bathing your horse, please add shampoo to a bucket of water and use a sponge rather than pouring shampoo directly onto the horse. This method is more effective, uses significantly less product, and ensures the shampoo is distributed evenly.

Before leaving the wash stall, please:

- Stand shampoo bottles upright and close the lids.

- Rinse away excess hair and soap.
- Return all equipment to its proper place.

Taking a few extra moments to clean up helps keep the facility organized and our supplies available for everyone. Thank you for doing your part to care for our horses and our facility!
